

# Partnering with the Government

CAP has actively worked hand in hand with the local authorities; the Agra Nagar Nigam. Apart from being located within the Nagar Nigam premises there by participating in the Nagar Nigam activities as a bridging agency CAP has been active in the following:

- With the support of USAID's GMED (Global Micro Enterprise Development) programme, 150 sanitary staff was provided a two day training in waste management techniques through presentations, short movie clips and discussions on other city experiences

- An experience exchange visit was arranged from 15-17 December 2005 for selected project partners from Agra to the city of Ahmedabad. The team comprised Commissioner ANN, SE-ANN, Civil society members, Coordinator Sanitation Monitoring Committee, Agra, local NGOs, field supervisors, facilitators to see e governance, SWM and property tax and accounting projects/systems, SEWA Banking initiatives, Old City Heritage Walk, Riverfront Development Project, Slum and RWAs waste management system, Solid waste management system of Ahmedabad Municipal Corporation and land fill site managed by private sector.

- Development of a community based information that can help service provision in the CAP communities

- Awareness on 0 waste zone within the Nagar Nigam complex
